Subject: EM: Surge Forward Week!

From: Layman, Matthew

Hello Students!

Since Thesis Surge is always such a big hit for seniors, we thought we could recreate this type of co-working space for every student. The Academic Success Team & Romero Success Coaches would like to present...

Surge Forward Week!

November 14-18

McKenna Auditorium

We are focused on three aspects in this event.

1. Class Registration: We will have someone available from 8am to 5pm Tuesday, Wednesday & Thursday to help you decide which classes are best for you!
2. Work Ahead: Wanting to get some work done before thanksgiving break so you can spend more time recharging? Success Coaches will be there to help you plan this out!
3. A final push on Thesis!

We will have tables set up in Mckenna Auditorium all week with around 30 external monitors to use if you are working on papers/thesis. There will also be tables without anything on them where you are free to set up shop however you deem necessary. A Romero Success Coach and/or a member of the Academic Success team will be in attendance at all times to assist you.

We look forward to seeing you all there!
