**FRIDAY DECEMBER 2ND, 12-1 PM**  
**@ SEAVER COMMONS 104**

Dr. Daniel Kelly is a neuroscientist and Founder/Director at the Pacific Neuroscience Institute. Kelly led the creation of the TRIP (Treatment & Research in Psychedelics) program at PNI to research psychedelic-assisted therapy. Join us and learn more about modern research and clinical applications of psychedelics for mental-health-related issues.
