Greetings!

The Holmes Performing Arts Fund committee of The Claremont Colleges Services (TCCS) is calling for applications to receive funding from The Marian and Charles Holmes Performing Arts Fund for the 2022-2023 academic year. The funds are intended “to assure the production and presentation of new or unusual performance in drama, music or dance which would not otherwise be economically feasible.”

*As we head to 2022- 2023, The Holmes Fund invites applicants to create and present work that celebrates the spirit of possibility, the courage of resistance, and the creativity of our collective imagination through innovative content and production modes.*

The application can be found on TCCS’s website at <https://services.claremont.edu/holmes-endowment/>
