

Manager, Student Inform

From: Inform
Subject: EM: Jacob Cohn's Second Symposium Talk: Psychedelic Medicine: The Future of Psychedelics, Friday, April 15, 12:15

From: Tom Borowski

Updated flyer with the April 15 date is attached.

This Friday, April 15, Jacob Cohn, a senior Neuroscience major at Pomona College, invites you to the final presentation of the symposium he organized. He is presenting Psychedelic Medicine: The Future of Psychedelics and will be discussing Clinical Trial Results, Challenges Facing Psychedelic Medicine, First Person Accounts of Psychedelic Healing, and Career Opportunities in Psychedelics.

All are invited to attend.

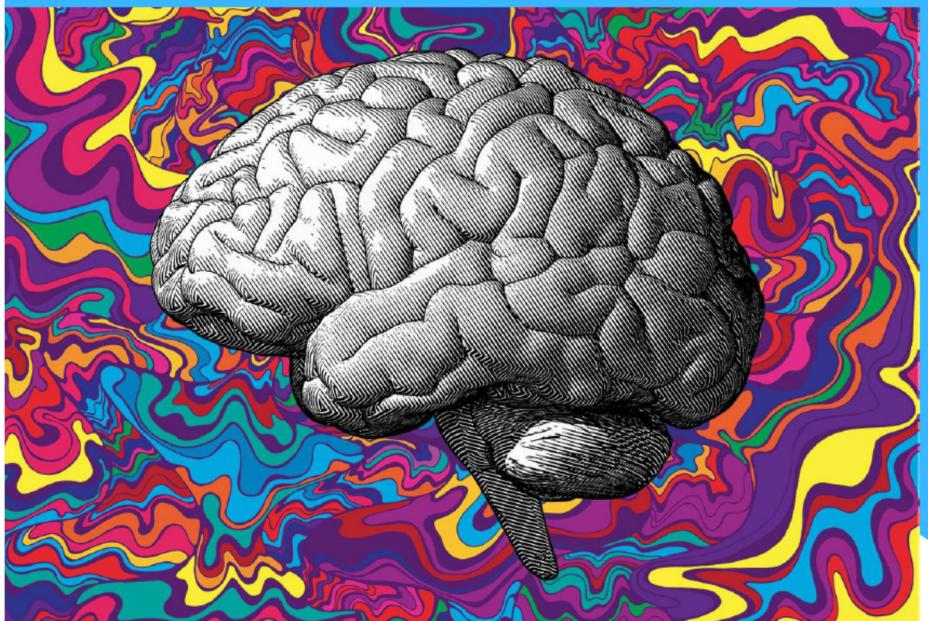

Date: Friday, April 15

Time: at 12:15 pm

Location: Seaver Commons 102 or via Zoom: 882-5239-5949

Please see the attached flyer for details.
