**Sign up for an audition slot [HERE](#)** and follow @momentsbipocshowcase on IG for more updates!

Moments is a continuation of the momentum *HOME* created (the BIPOC Musical Showcase produced in Fall 2022). This project is designed to be a space for BIPOC artists' to explore, create, play, learn, and join in community. Directed by GiGi Buddie (PO '23) and Yuhang Xie (PO '26)

**About the Show:** The show is comprised of three core elements: music, devised work, and pre-existing work. The showcase is meant to highlight the talent, creations, and stories of BIPOC bodies in the room and explore the wide range of art that is traditionally dominated by white artists and white spaces. The goal of the showcase is to continue building on the legacy and efforts of BIPOC artists (both here and professionally) to celebrate community and the craft of BIPOC artists at the 5Cs.

\*Like *HOME*, our show intends to build an entire BIPOC team, from the cast to the crew.
