PITZER COLLEGE

Practical Agroecology and Restoration Ecology Fellow: Job # 7754221

This position will be reserved for a graduating senior who has either had one of the garden roles previously or was/is an active member of the student garden club or 5Cs gardening projects. This position will co-lead the summer team along with a RRC staff supervisor. This takes on principally the garden manager roles as well as additional roles. This role will be engaged in the student garden, participating in planning committees, and being involved in the Pitzer outback care and upkeep as well as ongoing campus restoration projects like replanting trees.

Summer Student Garden Agroecology Intern: Job # 7754274

This position is for any currently enrolled 5Cs student with priority going to students who have either had one of the four garden roles previously or was/is an active member of the student garden club or 5Cs gardening projects. This position will work under the supervision of the PARE fellow and RRC staff to care for the Pitzer student garden over the summer months. This job will take on principally the garden management roles as well as additional roles like communications and project development/implementation. This role will be engaged in the student garden, participating in planning committees, and being involved in the Pitzer outback care and upkeep as well as ongoing campus restoration projects like replanting trees where time permits.

Applications due May 1st. For more information, please reach out to [Arthur Levine](#).
