### Here are some sample questions we will go over:

- What advice do you have for people who are interested in organizing but are intimidated by it/don't know how to incorporate it into their lives yet?
- How do you balance organizing with your work & personal lives?
- Having many responsibilities where it may feel like you don't have time to rest for yourself, how do you find the time to organize?
- What was your upbringing like?
- Do you have mentors/social support that have helped you learn?
- What have your experiences been like with mutual aid vs. the nonprofit industrial complex?
- What does the care work/disability work that goes on behind the scenes look like?

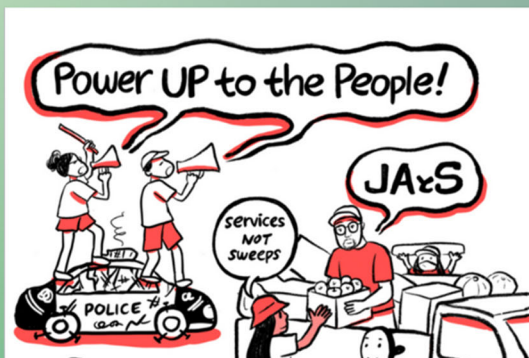

This event is co-sponsored by the First-Gen, Low-Income Program at the Pomona Asian American Resource Center, the Pitzer Center for Asian Pacific American Students, the Pitzer Pasifika Asian Student Union, the Vietnamese Student Association, and the Intercollegiate Department of American Studies.
