---

**From:** Kravis Lab

Dear CMC Community,

You are invited to an engaging, informative and light-hearted evening of political insight and live coverage of the Super Tuesday primary election results at the CMC Athenaeum South Patio on March 5th from 4:00 PM to 8:00 PM.

Super Tuesday is a crucial day in the United States presidential primary election process, during which multiple states hold their primary elections or caucuses. It typically represents a significant turning point in the election cycle, as a large number of delegates are up for grabs, shaping the trajectory of the presidential race. Additionally, there are lots of important California races that will shape the impact of the Golden State, both immediately and in the fall general election.

In collaboration with esteemed CMC Faculty, the Claremont Initiative for Voter Engagement Strategies (CIVES), a program of the Kravis Lab, is pleased to present a Super Tuesday Speaker Series. This event promises to be both informative and engaging as we analyze the unfolding political landscape together.

### Event Details:

Date: March 5th, 2024

Time: 4:00 PM - 8:00 PM

Location: CMC Athenaeum South Patio

Registration: [Here](#)

# SUPER TUESDAY SPEAKER SERIES.

## WATCH PARTY TEACH-IN DISCUSSION
