Subject: EM: AMAZON WAREHOUSING & EJ EVENT, THURSDAY, MARCH 28!

From: RRC

Dear 5C Community,

Join CSWA for an exciting panel discussion on Amazon, Labor, and the Environment. We will host community members including an Amazon driver, Amazon warehouse worker, UPS worker, and a community environmental activist from the People's Collective for Environmental Justice (PC4EJ). They will be speaking about their personal experiences within and perspectives on the labor and environmental justice movements, as well as the impacts of Amazon on the living and working conditions in the Inland Empire. Come to learn more about the ongoing fight against Amazon, why you should care, and how to get involved.
