Dear CMC community,

November 18 through 22 is the [International Education Week \(IEW\)](#), an opportunity to celebrate the benefits of international education and exchange worldwide. This joint initiative of the U.S. Department of State and the U.S. Department of Education is part of an effort to promote programs that prepare Americans for a global environment and attract future leaders from abroad to study, learn, and exchange experiences.

Here is the list of events happening at CMC, 5C, and 7C during the IEW!:

Monday, November 18

- **12:15 – 1:15 PM:** CMC Ambassadors Abroad: Representing CMC at Your High School, presented by Office of Admissions, at **Collins Dining Hall, Oak Meeting Room (You will need to use your swipe to Collins)**
"Interested in sharing your CMC experience with future college applicants from your high school? Join us for this informational session designed for current international students who want to represent CMC at their high schools over breaks. Learn how to effectively share your story, highlight CMC's unique programs, and inspire prospective students to consider CMC."
- **5:00 – 6:00 PM:** A Dialogue on International Student Community Experience in terms of Mental well-being, presented by international CARE fellow Felix Kang at **CARE Center**

OH, UM,
SORRY?

YES I AM DOING GREAT...*I GUESS?*

**A DIALOGUE ON INTERNATIONAL STUDENT COMMUNITY
EXPERIENCE IN TERMS OF MENTAL WELLBEING**

It is hard for one to open up about their feelings, challenges, and struggles and to be vocal about their mental health, but what happens when you can't even find the right words in your mind when you try to open yourself up?

This event aims to set up a safe space for people to discuss the neglected aspects and overlooked challenges of various communities at 5C, with a focus on the international student community, navigating mental health well-being under completely different cultural assumptions. Come join us for a dialogue and also for international snacks!
