Subject: EM: CMC Invite: Predicting Feeling: Literature, Neuroscience, and AI Conference

From: Haro Hernandez, Viviana

PREDICTING FEELING: LITERATURE, NEUROSCIENCE AND AI

CLAREMONT MCKENNA COLLEGE

Based on differing understandings of the human mind,
literature, neuroscience and AI are technologies that can predict
human feeling, though we rarely discuss them in the same breath.

To break some of these silos, join us for an interdisciplinary
conference of literary critics, neuroscientists and theorists of AI:
