**March 12<sup>th</sup> from 11:30 am – 12:30 pm in the CARE Center:**

The Peer Health Ambassadors welcome you to join us for this lunchtime workshop about overcoming hopelessness and nihilism in the current political climate. “Freedom Dreaming” is a phrase coined by historian Robin D. G. Kelley to, “describe the power of imagination as a tool for individual and collective liberation”. During this workshop, we will be unpacking freedom dreaming, its components, and participating in the dreaming ourselves- dissecting the concept of rest and resistance and “a world filled with softness and beauty and care”.
