

Tkach, Colleen

From: Inform
Subject: EM: Design Thinking Crash Course

From: Salina Munoz

Hello all!

Interested in design and want to learn more?

Design thinking is a method for uncovering unmet human needs by rapidly generating numerous potential solutions, creating prototypes, and testing your designs. This fast-paced, hands-on experience offers a memorable exploration into designing something truly amazing. A great introduction to the highly sought-after full course, Human-Centered Design, this session gives students a taste of what we have to offer at the Hive!

Date: Tuesday, November 11th

Time: 6:30-8:00 PM

Where: The Hive

RSVP: <https://www.eventbrite.com/e/1607426338449?aff=oddtdtcreator>

See you there!
