"I Have a Name" November 8, 4 p.m. Benson Auditorium

Pitzer College welcomes film maker Adam Bronfman PO'85 for a viewing of this powerful documentary, which follows artist-activist Jon Linton and the Let's Be Better Humans project. That project asks one simple question—"What's your name?"—to humanize the U.S. unhoused crisis. Through intimate portraits and street-level encounters, the film invites compassion that leads to action. Stay after the screening to learn more about how to get involved. *This event is open to the public.*
